

Lyrics.

Go all in from the get go and go all out.
Go toe-to-toe. Go for broke. No doubt.
Go and see. Go now. Go check it out.
Fluency, the m-i-c; that's what it's all about.
Go berserk. Go bananas. Go out of your mind.
Go easy on yourself. Go relax and unwind.
Go to the beach or the park. Go on a date.
Go deep. Go party. Go celebrate.
Go out and play. Go straight away. Don't delay.
Don't be afraid to go your own way.
Go on a journey. Go somewhere. Go anywhere.
Go take a closer look. Go on an adventure.
Don't go by the book. Go wild. Go explore.
Go where no one else has ever gone before.
Go score. Go for yours. Then go for more.
Go ahead and do it. Get going. Go to it. Ready? Go!
Come together. Gather round. Tune in. Listen up.
This is how it's going down. Fluency MC's rocking parties worldwide.
Don't you know? Here we go. Let the flow be your guide.
Go to great lengths and go in style.
Go head to head. Go the extra mile.
Go outside. Go on! Go for a run or a walk or a ride.
Go and have some fun. You're good to go, so build and grow.
All systems are go. Go for what you know.
Easy come easy go, so just go with the flow.
Go non-stop. Go straight to the top.
Go uptown, downtown, overseas, all around, for a swim, for a hike.
Go for what you like.

The best way to go is go hard and go long.
Stay on the go and you won't go wrong.
Stay strong. Go beyond to the next level.
Go through with it. Go out of your way. Don't settle. Go to bat.
Go to the mat. But don't go to the extreme.
Go all the way to go after your dreams.
Ready? Go! Come together. Gather round. Tune in. Listen up.
This is how it's going down.
Fluency MC's repping hip hop worldwide.
Don't you know? Here we go.
Let the flow be your guide. Call me Flu. (Why?)
I go viral, In drive, never idle. I'm right there beside you.
I'll guide you. Don't let your pride go to your head.
Don't go chasing acclaim. Go with your heart instead.
Go forward. Go far. Shoot for the stars. Go at top speed to succeed.
Go take the lead. There are people in need so be a go-getter.
A little goes a long way to make the world better.
Just going through the motions will make you go blind to the people around you going through hard times,
Go with an open mind and you'll be going places, going through the right phases to circle the bases.
That's the basis as the wheel of life goes around.
When people go at you don't ever let them shut you down.
Develop persistence. Overcome resistance
Go for the gold and you'll go the distance.
