The End

Cut out the figures. Then follow the directions to get the boy across the river with the animals and groceries.

How can the boy get across the river?

Dog, Rabbit, and a Bag of Vegetables

A boy owned a dog, a rabbit and a bag of vegetables. One day he was on the edge of a gorge, where there was a shaky old swinging bridge that was only strong and wide enough to hold him and one of his possessions. If he left the dog and rabbit alone, the dog would eat the rabbit. If he left the rabbit and the vegetables alone, the rabbit would eat the vegetables. How did he get safely across the gorge with all three of his possessions.
