HOW TO PLAY VIDEO TOP 10

It's a really easy game to play! An instant lesson with lots of language input for students and discussion. The theory behind this type of "materials light" approach is to focus on a task while students get comprehensive input through the language of the video.

1. PREPARE

Introduce the following language starters for students to use while brainstorming and discussing.

What about? How about ...? I think has to be there.

I vote for ... What do you think about ...? I suggest ...

... is a good bet. I'd go for ... Let's not forget about ...

I don't think so. ... isn't really that ... I don't agree with ...

2. TASK. Students brainstorm the topic using the blank worksheet.

3. CHECK. Play the video and students check how many answers they got correct.

4. SCORE. 1 point for each correct answer. 2 extra points if in the correct rank.

DISCUSS. What did students think was wrong in the video selections? What did they agree with?
