## Instructions:

Write the number of the picture into this chart.

<b>Statue of Liberty</b>	<b>Chinatown</b>
<b>World Trade Center / Ground Zero</b>	<b>Intrepid Sea, Air and Space Museum</b>
<b>Brooklyn Heights</b>	<b>Times Square</b>
<b>Rockefeller Center</b>	<b>Shea Stadium in Queens</b>
<b>Coney Island</b>	<b>Brooklyn Bridge</b>
<b>Empire State Building</b>	<b>Little Italy</b>
<b>Fifth Avenue</b>	<b>The Plaza</b>
<b>Grand Central Terminal</b>	<b>Madison Square</b>
<b>Bronx Zoo</b>	<b>Ellis Island</b>
<b>Central Park</b>	<b>Wall Street</b>

## GROUP A:

Write the name of the building on the line.

\_\_\_\_\_

It connects two cities Brooklyn and Manhattan. They started building it in 1869 and took 14 years to be completed. 20 of the in total 600 workers died while working on the bridge. People didn't trust all those massive cables hanging in the air so to prove it was safe they led a caravan of circus animals, including 21 elephants, across the bridge.

\_\_\_\_\_

It is a seaside resort in Brooklyn famous for its historic Ferris Wheel and roller coaster- the Cyclone. It is a popular tourist attraction. It became the amusement capital of the world. It all started with one roller coaster and a small park. The very first hot dog was sold here in 1871.

\_\_\_\_\_

It is the lively square of New York and known for its many Broadway theatres, cinemas and biggest billboards. In 1917 they installed the first large electric display billboard. Most New Yorkers celebrate there New Year where the countdown begins with the big light ball.

\_\_\_\_\_

It was built in 1964. It holds 55,000 people and 570 toilets. That's a lot of Mets fans! It was also the first stadium capable of being converted from baseball to football and back using underground tracks. It was the noisiest outdoor ballpark- on the flight path. When studies showed the stadium might collapse under the weight of a roof, Mets started playing at City Field. The Mets played their final game here, a 4-2 loss to the Florida Marlins in 2008. They demolished it in 2008.

\_\_\_\_\_

New York City's unique ethnic neighbourhood was founded in the 1870s by the Chinese immigrants who decided to have their new home. You can find here all sorts of ethnic delights from authentic Chinese restaurants to unique art and handicrafts. It has got hundreds of restaurants, some of them only big enough for just a few tables.

\_\_\_\_\_

The U.S. aircraft carrier serves as a unique home to a museum of mostly helicopters and airplanes. Also part of the museum is a submarine and a Concorde. Many said this aircraft carrier was the most successful ships in U.S. history. It was built in 1943 and fought in World War II.

\_\_\_\_\_

It was a gift from the French government for the 100th birthday of America's Independence. It is 46,5 metre high (together with the pedestal reaches 93 metre). You can walk inside it all the way up the 354 steps. Lady Liberty has got seven spikes, symbolizing the Seven Seas across which liberty should be spread. In her left hand she holds a tablet with the Declaration of Independence and in her right hand a torch, symbolizing Enlightenment.

\_\_\_\_\_

It was one of the first areas outside the city of Manhattan where wealthy city investors chose this neighbourhood along the East River so that they could watch the constructions of new skyscrapers. It offers a look at stunning brownstones houses and quiet tree-lined streets, not to mention killer views of Manhattan. You can reach Wall Street in just 5 minutes via NY's famous subway system.

\_\_\_\_\_

It is originally known as Radio City, a complex of buildings: office towers, shops, terraces, biggest indoor theatre with 6000 seats, connected with excellent subway. They also call it a 'city in the city'. Rockefeller had a plan for a corporate complex to house the new radio and television. The Lower Plaza is best known for its very popular skating rink.

\_\_\_\_\_

Completed in 1972 the twin towers were the tallest buildings in the world until 1974, when the Sears Tower was built in Chicago. 2979 people died on September 11, 2001 under a Muslim terrorist attack. One tower was 417 metre and the second one, finished one year later, 415. David Rockefeller started the project, so twins were sometimes nicknamed David and Nelson, after his two brothers.

## GROUP B:

Write the name of the building on the line.

\_\_\_\_\_

It is the largest city \_\_\_\_\_ in the United States, 107 ha. It has got over 4.000 animals. They opened it in 1899 with 843 animals in 22 exhibits. They made the news in when it agreed to enter a rare snow leopard cub, Leo. They got it from Pakistan, where someone killed cub's mum and they didn't have any breeding programme. You can see all animals from the air with the cable car (skyfari).

\_\_\_\_\_

It is one of the world's most famous hotels. It was built in French Renaissance style near Central Park. They opened the new \_\_\_\_\_ hotel in 1907. The hotel had 800 rooms, 500 bathrooms, and private suites with up to 17 rooms, 10 elevators, luxurious carpets, marble walls, staircases and fireplaces. It welcomed numerous celebrities, including the Beatles and shot numerous films including 'Crocodile Dundee', 'Breakfast at Tiffany's' and 'Home Alone'.

\_\_\_\_\_

It is a small street in Lower Manhattan, one of the world's most famous streets. Thanks to the stock exchange and the many banks. It got its name after the Dutch bought 'New Amsterdam' from Native Americans, and they made a wall on north to separate the new colony. Traders often gathered and made business under the tree that was at the foot of this street.

\_\_\_\_\_

The island was the immigrant gateway to America. More than 12 million people arrived here for a new life in a new country. Most immigrants were from Italy and Austro-Hungary. If you had money for a first or second class ticket, you could go on a shipboard and enter America. If you were poor, they examined you and if found out that you were ill, they denied entering America.

\_\_\_\_\_

It is probably the New York's best known building. It was built in the early 1930s. In that time it was the highest building and the »8th World Wonder«. It is 381 metre high and has got 73 elevators. On the 86th floor there is an observatory. They filmed the King Kong there in 1933.

\_\_\_\_\_

This area has long been home to New York's Italian population who came here in search of a better life. At the end of the 19th century it was populated with more than 40,000 Italians who housed in built tenement houses. In mid-September thousands come to participate in the San Gennaro Festival, where they honoured the saint of Naples.

\_\_\_\_\_

The huge park measures 341 ha and is located in the centre of Manhattan. Its design is an example for city parks around the world. The park has got several lakes, theatres, ice rinks, fountains, tennis courts, baseball fields, playgrounds... 20.000 workers needed more than 15 years to complete it.

\_\_\_\_\_

This street is best known as an unrevealed shopping street. It is one of the world's most expensive streets. Almost any famous retailer has a prestigious store located at this street. There are opportunities to satisfy everyone's taste: Versace, Gucci, Prada, Apple store, Tiffany diamonds, Schwartz- the world's largest toy store. So... Shop 'Till you Drop!

\_\_\_\_\_

At the turn of the 19th century, it became Manhattan's shopping paradise or Ladies' Mile. It is surrounded by historic landmarks from the Gilded Age. The picture shows a famous \_\_\_\_\_ Garden, a temple of entertainment, where there is a big concert hall, theatre and roof garden.

\_\_\_\_\_

It is one of the greatest railway stations in the world, built in 1913. It lasted 10 years and cost 80 million dollars to build it. It has got 67 train tracks on two different levels. The most known sculpture on building's facade is the 15m high Mercury (the god of beginning), supported by Minerva and Hercules (representing mental and moral strength).

## ANSWERS:

### **1. Statue of Liberty**

It was a gift from the French government for the 100th birthday of America's Independence. It is 46,5 metre high (together with the pedestal reaches 93 metre). You can walk inside it all the way up the 354 steps. Lady Liberty has got seven spikes, symbolizing the Seven Seas across which liberty should be spread. In her left hand she holds a tablet with the Declaration of Independence and in her right hand a torch, symbolizing Enlightenment.

### **2. Empire State Building**

It is probably the New York's best known building. It was built in the early 1930s. In that time it was the highest building and the »8th World Wonder«. It is 381 metre high and has got 73 elevators. On the 86th floor there is an observatory. They filmed the King Kong there in 1933.

### **3. Times Square**

It is the lively square of New York and known for its many Broadway theatres, cinemas and biggest billboards. In 1917 they installed the first large electric display billboard. Most New Yorkers celebrate there New Year where the countdown begins with the big light ball.

### **4. Central Park**

The huge park measures 341 ha and is located in the centre of Manhattan. Its design is an example for city parks around the world. The park has got several lakes, theatres, ice rinks, fountains, tennis courts, baseball fields, playgrounds... 20.000 workers needed more than 15 years to complete it.

### **5. Brooklyn Bridge**

It connects two cities Brooklyn and Manhattan. They started building it in 1869 and took 14 years to be completed. 20 of the in total 600 workers died while working on the bridge. People didn't trust all those massive cables hanging in the air so to prove it was safe they led a caravan of circus animals, including 21 elephants, across the bridge.

### **6. Rockefeller Center**

It is originally known as Radio City, a complex of buildings: office towers, shops, terraces, biggest indoor theatre with 6000 seats, connected with excellent subway. They also call it a 'city in the city'. Rockefeller had a plan for a corporate complex to house the new radio and television. The Lower Plaza is best known for its very popular skating rink.

### **7. Ellis Island**

The island was the immigrant gateway to America. More than 12 million people arrived here for a new life in a new country. Most immigrants were from Italy and Austro-Hungary. If you had money for a first or second class ticket, you could go on a shipboard and enter America. If you were poor, they examined you and if found out that you were ill, they denied entering America.

### **8. Grand Central Terminal**

It is one of the greatest railway stations in the world, built in 1913. It lasted 10 years and cost 80 million dollars to build it. It has got 67 train tracks on two different levels. The most known sculpture on building's facade is the 15m high Mercury (the god of beginning), supported by Minerva and Hercules (representing mental and moral strength).

### **9. World Trade Center / Ground Zero**

Completed in 1972 the twin towers were the tallest buildings in the world until 1974, when the Sears Tower was built in Chicago. 2979 people died on September 11, 2001 under a Muslim terrorist attack. One tower was 417 metre and the second one, finished one year later, 415. David Rockefeller started the project, so twins were sometimes nicknamed David and Nelson, after his two brothers.

### **10. Madison Square**

At the turn of the 19th century, it became Manhattan's shopping paradise or Ladies' Mile. It is surrounded by historic landmarks from the Gilded Age. The picture shows a famous Garden, a temple of entertainment, where there is a big concert hall, theatre and roof garden.

### **11. Fifth Avenue**

This street is best known as an unrevealed shopping street. It is one of the world's most expensive streets. Almost any famous retailer has a prestigious store located at this street. There are opportunities to satisfy everyone's taste: Versace, Gucci, Prada, Apple store, Tiffany diamonds, Schwartz- the world's largest toy store. So... Shop 'Till you Drop!

### **12. Chinatown**

New York City's unique ethnic neighbourhood was founded in the 1870s by the Chinese immigrants who decided to have their new home. You can find here all sorts of ethnic delights from authentic Chinese restaurants to unique art and handicrafts. It has got hundreds of restaurants, some of them only big enough for just a few tables.

### **13. Intrepid Sea, Air and Space Museum**

The U.S. aircraft carrier serves as a unique home to a museum of mostly helicopters and airplanes. Also part of the museum is a submarine and a Concorde. Many said this aircraft carrier was the most successful ships in U.S. history. It was built in 1943 and fought in World War II.

### **14. Wall Street**

It is a small street in Lower Manhattan, one of the world's most famous streets. Thanks to the stock exchange and the many banks. It got its name after the Dutch bought 'New Amsterdam' from Native Americans, and they made a wall on north to separate the new colony. Traders often gathered and made business under the tree that was at the foot of Wall Street.

### **15. Little Italy**

This area has long been home to New York's Italian population who came here in search of a better life. At the end of the 19th century it was populated with more than 40,000 Italians who housed in built tenement houses. In mid-September thousands come to participate in the San Gennaro Festival, where they honoured the saint of Naples.

### **16. Coney Island**

It is a seaside resort in Brooklyn famous for its historic Ferris Wheel and roller coaster- the Cyclone. It is a popular tourist attraction. It became the amusement capital of the world. It all started with one roller coaster and a small park. The very first hot dog was sold here in 1871.

### **17. The Plaza**

It is one of the world's most famous hotels. It was built in French Renaissance style near Central Park. They opened the new hotel in 1907. The hotel had 800 rooms, 500 bathrooms, and private suites with up to 17 rooms, 10 elevators, luxurious carpets, marble walls, staircases and fireplaces. It welcomed numerous celebrities, including the Beatles and shot numerous films including 'Crocodile Dundee', 'Breakfast at Tiffany's' and 'Home Alone'.

### **18. Brooklyn Heights**

It was one of the first areas outside the city of Manhattan where wealthy city investors chose this neighbourhood along the East River so that they could watch the constructions of new skyscrapers. It offers a look at stunning brownstones houses and quiet tree-lined streets, not to mention killer views of Manhattan. You can reach Wall Street in just 5 minutes via NY's famous subway system.

### **19. Shea Stadium in Queens**

It was built in 1964. It holds 55,000 people and 570 toilets. That's a lot of Mets fans! It was also the first stadium capable of being converted from baseball to football and back using underground tracks. It was the noisiest outdoor ballpark- on the flight path. When studies showed the stadium might collapse under the weight of a roof, Mets started playing at City Field. The Mets played their final game here, a 4-2 loss to the Florida Marlins in 2008. They demolished it in 2008.

### **20. Bronx Zoo**

It is the largest city in the United States, 107 ha. It has got over 4,000 animals. They opened it in 1899 with 843 animals in 22 exhibits. They made the news in when it agreed to enter a rare snow leopard cub, Leo. They got it from Pakistan, where someone killed cub's mum and they didn't have any breeding programme. You can see all animals from the air with the cable car (skyfari).
