# TAKING SPORT OUT OF ITS TRADITIONAL SPACE

Some of the most beautiful sites and landmarks that Paris and France have to offer will provide a magnificent showcase for the performances of the world's greatest athletes, bringing sport and the national heritage together in unexpected ways.

**THE GRAND PALAIS** for fencing and taekwondo

**THE CHAMP-DE-MARS ARENA** for judo  
and wrestling

**LA CONCORDE** for urban sports

**THE ESPLANADE DES INVALIDES** for archery,  
the end point of the marathon and the start of  
the cycling time trials.

**THE EIFFEL TOWER STADIUM** for beach volleyball

**THE CHÂTEAU DE VERSAILLES** for equestrian  
sports and four events in the modern pentathlon

THE EIFFEL TOWER STADIUM

# Stade de France

# Stade de Versaille

## A UNIQUE EXPERIENCE FOR SPECTATORS AND ATHLETES ALIKE

With an uninterrupted view along the Seine, a sound system and 80 enormous screens installed along the route, spectators will not miss a moment of the spectacle, and can drink in the unique atmosphere permeating every corner of the city.

The athletes will be at the heart of the ceremony as never before: they will kick proceedings off, and contribute to the ceremony from beginning to end, as they pass down the Seine. They will have a superb view of the capital, and will get a glimpse of the exceptional venues in which they are to perform.

### **Teddy Rinner**

Three-Time olympic champion judoka

"Experiencing an Olympic Ceremony, while representing France, is always intensely emotional. But to experience it here, in France, at the heart of Paris and in direct contact with spectators who have come from all over France and all over the world, will indubitably be unforgettable. This Opening Ceremony will break the mould. Even now, I cannot wait to be there!"

# A HISTORIC CEREMONY IN THE HEART OF THE CITY

Paris 2024 is breaking the mould: for the first time ever, the Opening Ceremony of the Summer Olympic Games will be held in the very heart of the city, aboard a flotilla of boats carrying participants down the Seine. The world's greatest celebration of sport, in the world's finest city!

## AN OPEN-HEARTED AND POPULAR CELEBRATION

Never before will so many people have shared in the experience of an Opening Ceremony: at least 600,000 spectators will be watching from the quays and bridges along the Seine. Around half will be admitted free of charge!

## PARIS' ARCHITECTURAL HERITAGE AS AN UNEQUALLED BACKDROP

The Seine, its bridges and the monuments of the capital will serve as the backdrop to a breathtaking spectacle, in which artistic performances blend harmoniously with sporting performances.

# BREAKING, A NEW OLYMPIC SPORT

**BREAKING** will make its Olympic Games debut in Paris, in 2024.

Popular with youth all over the world, this new urban sport combines **ART, DANCE AND MUSIC**, as well as **STRENGTH AND ATHLETICISM**.

The breaking events (B-Boys and B-Girls) will be held at **LA CONCORDE**, an urban park in the heart of the city that will host all the Olympic urban sport disciplines (3X3 basketball, BMX freestyle, breaking and skateboarding) as well as public entertainment events (concerts, cultural exhibitions, sports demonstrations, etc.).

**Martin Lejeune**  
breaking athlete,  
silver medallist at the 2018  
Youth Olympic Game

"Including breaking in the Games is great news. It's a sign that our discipline is growing and being recognised. Moreover, the competition will take place in the heart of Paris, at the Concorde, which will shine a spotlight on our sport. With all the urban sports concentrated into one space, the urban park will be the place to be during the summer of 2024, with a festive atmosphere like no other."

# Sport Climbing

SPORT CLIMBING was included in the Olympic programme for the first time at the Tokyo Games, with a single event combining three disciplines, i.e., speed climbing, bouldering and lead climbing. At Paris 2024, at the Bourget venue in Seine-Saint-Denis, the programme will be expanded to include two separate events — speed climbing and a separate lead and boulder event — that will not only be spectacular but will complement each other perfectly.

# Skateboarding

SKATEBOARDING will take a new leap forward after the Tokyo Games, with street and park events to be held at the extraordinary urban park at Place de la Concorde.

**SURFING**, a truly breath-taking sport with strong links to the natural world, will provide an additional opportunity to promote the French natural heritage and open up the Olympic experience to new territories — this time in Tahiti. In the shortboard event, athletes will surf on one of the world's most beautiful waves, Teahupo'o.

**Johanne Defay**  
2017 surfing  
vice world champion

"Teahupo'o is a world-class surf spot, with the most spectacular wave of the planet; the most demanding as well. We athletes could not have dreamed of a better outcome. I have no doubt that the competition will be as intense as it will be breathtaking. Paris 2024 will highlight the environmental and cultural uniqueness of Tahiti, a place surf calls home. All these factors point to a magnificent showcase that will promote our sport and develop its practice in France."

## AN EMBLEM SHARED BY THE OLYMPIC AND PARALYMPIC GAMES

For the first time in history, the Olympic and Paralympic Games will share the same emblem. This important decision sends out a clear message: that Paris 2024 has the same vision and the same ambition for both the Olympic and Paralympic Games.

THE GOLD MEDAL

Symbol  
of excelling oneself

THE FLAME

Symbol  
of transmission

MARIANNE

In tribute to French spirit,  
boldness and creativity

## A FACE THAT REFLECTS OUR AMBITION TO BRING THE GAMES TO THE PEOPLE

This emblem represents Paris 2024's desire to organise more open Games, in which everyone can play a part, and where spectators are also participants.

Childhood and adolescence are key times for learning the values of sport, which is why Paris 2024 has organised a number of initiatives targeted at schoolchildren.

**THE GÉNÉRATION 2024 LABEL** is awarded to schools that commit to increasing the amount of time devoted to sport in their pupils' daily timetables by:

**Promoting sports participation** in collaboration with local sports clubs and host elite athletes.

**Promoting Olympic and Paralympic values** and changing how people view disability.

**Participating in key Paris 2024** events such as Olympic Day and Olympic and Paralympic Week.

Teachers can access educational resources and tools on the Génération 2024 website: [www.generations.paris2024.org](http://www.generations.paris2024.org)
